

Modu Organic Kids Table

Kids Furniture

Quax

The Modular Organic Kids Table isn't just a table, it's a **flexible, thoughtful design** piece that evolves with your child's world. With its rounded, organic shape and minimalist, natural aesthetic, it blends beautifully into any space – whether that's a playroom, living room, or cozy reading corner.

Its clever **modular concept** includes two sets of legs, allowing you to switch between a 50 cm height for upright play or a 25 cm low version for Montessori-style activities or use as a floor-level coffee table. *The modularity offers freedom: set it up low for crawling toddlers, and simply raise it as they grow.*

Looking for even more room to explore and create? Thanks to the **puzzle-like edges**, you can seamlessly connect multiple tables into a **longer workbench or a spacious play island**. Whether you're building forts, drawing masterpieces, or hosting imaginary tea parties – the setup adjusts to your needs.

For the finishing touch: add the Teddy Kids Poufs. These **soft, cosy poufs** are perfectly sized for the taller table height and upholstered in a warm **teddy** fabric that adds texture and comfort. Choose between Sheep and Bison to match or contrast with the Natural Ash or Dark Forest table finishes.
