Torso Table Lamp, Portable

BY KRØYER-SÆTTER-LASSEN

The new Torso Portable Table Lamp, designed for MENU by Krøyer-Sætter-Larsen, is a miniature version of their popular full-size design of the same name, which takes its design cues from childhood homes filled with objects shaped by the human hand. Petite and cosy, the diminutive design brings a sense of intimacy to tabletops, replacing the need for candles thanks to its soft, ambient light, adjustable to suit mood and requirement. At the tap of a finger, a brass button on the linen canvas shade effortlessly turns the light on and off, and a concealed USB charger at the base ensures easy charging – wherever it is used.

About The Designer

The Copenhagen-based design studio Krøyer-Sætter-Larsen creates furniture and interior objects for clients across the world. Founded in 2016 by Mads Sætter-Lassen and Emil Krøyer, their honest approach to design results in logical, functional and sculptural objects that showcase their strong cultural understanding and Danish design heritage to bridge the gap between art and design.

Their collaboration has grown from a give-and-take about art and design into the creation of existing projects. The duo recognizes their differences and strengths allowing them to approach their process from different character angles. Krøyer and Sætter-Larsen's honest focus is revealed through their consideration of material properties and tectonic details. They prefer to make the conscious choice of turning a joint or assembly into a visible design asset instead of concealing it -keeping true to the industrial way.

A Sense of Community

MENU has always been fascinated by the way in which individuals and spaces can be united through great design. In our pursuit to craft furniture, lighting and interior accessories shaped by purposeful details, high-quality materials and human needs, we create strong and lasting relations between designers, manufacturers and customers. The sense of community that results from this union of like-minded individuals fosters a deeper sense of belonging – and products that stand the test of time, inviting human connection, inspiration and experimentation to push the boundaries of modern design. We truly believe that when we work collectively, we achieve more than we do individually: the sum of our work and of our connections is always greater than its parts, and our softly minimal designs and collaborative spirit help to join the dots between the home, the workplace and the service industry, redefining how we use space and, ultimately, how we connect to those around us.

MENU at The Audo
